**Stampa Group welcomes Markus Lindemann as a Partner of the firm from 01.01.2012.**

Alan Hulsbergen, Partner, Co-founder and shareholder of the firm will leave on 31.07.2012. After long and thorough reflections, Alan has chosen to join his brothers in managing the family business following the retirement of his father. The time and dedication required by his new role leaves little availability for a parallel position at Stampa Group. Alan has greatly contributed to delivering great projects while at PwC and to bringing the 2002-founded Stampa & Partners AG start-up consulting firm to a diversified and leading European consulting group in the field of Enterprise Performance Management. For the countless effort and dedication to our business, the firm, his colleagues and the Board of Directors remain forever grateful and wish to express their deep appreciation for what Alan has achieved.

Marcel Mullis, Senior Manager at Stampa Group, takes over one of Alan's key responsibilities as Delivery Manager of Oracle Consolidation projects starting 01.03.2012. Marcel has been with the firm for over seven years and been involved in many of the great deliveries and reference Oracle Hyperion projects. Marcel has also been greatly involved in some of the important initiatives towards better practice and higher quality of the Stampa Group projects. He is and remains responsible for other important operations of the group, especially of IFRS First, Stampa Group's leading IFRS starter kit for Oracle Hyperion Financial Management.

Markus Lindemann has been appointed Partner of Stampa Group on 01.01.2012. Markus joined Stampa Group in May 2008 and brought more than 15 years of industry expertise in software sales and large scale consulting projects. He influenced the way Stampa Group approached, established and expanded the SAP market and managed the relationships between Oracle and SAP in Germany while establishing new business relationships for the firm. Leveraging his business network, the business with SAP in Germany grew under his leadership from zero in 2008/2009 to a business that today counts for over 50%. Markus was a key driver in entering the Controlling/Planning area with which in on the way to becoming another key pillar of our future business growth.

Markus studied Computer Science and Business Administration at University of Mannheim, visiting scholar at the University of Maryland business school, and holds a Ph.D. degree from the University of St. Gallen.
